EXPERIENCE

Personnel specialist

Solestus Personeelsdiensten
B.V. (Netherlands)
2022-2023

ABOUT ME

I tried myself in several work fields, then realized that I am most interested in IT. I decided to study at the Vilnius Coding School, and after completing the JavaScript Full-stack course, I have strengthened my desire to connect my future with IT. I am looking for a job/internship as a programmer.

EDUCATION

JAVASCRIPT FULL-STACK COURSE

Vilnius Coding School

2023-10-09 - 2024-01-16, 12,4 weeks, 492 h.

I acquired strong foundations in web development: learned to create the framework of a website with HTML, modify the appearance of a website using CSS, implement interactive functionality and dynamism with JavaScript, use one of the most popular JavaScript libraries React JS, create my own database and work with it (MongoDB), integrate front-end and back-end project components (Node.js, Express.js), and collaborate in a team.

PHYSICAL CULTURE AND SPORTS PEDAGOGY (BACHELOR'S DEGREE)

Vilnius University

2019-2023

LANGUAGES

Lithuanian - native or bilingual proficiency
English - professional working proficiency
Russian- elementary proficiency
